

### **Earn a \$500.00 (or more) tuition credit!**

You and your children are Holy Rosary Academy's finest ambassadors, and we hope to encourage you to continue spreading the "good news" about HRA to prospective families! **The HRA Referral Program** awards a \$500.00 (or more) credit towards tuition to current families who promote and refer a family and/or families who enroll a new child (ren) in grades Pre-K-8. The program is a continuation of the same program that was started many years ago. The purpose is two-fold:

1. To reward families who assist HRA in promoting and advancing the school and its mission.
2. To ease some of the financial sacrifices that families make as a result of tuition increases.

#### **Please review details below:**

- A \$500.00 credit will be awarded to the current family who refers a new family to HRA. To qualify for the incentive, referred students cannot have a sibling currently or previously enrolled at HRA.
- More than one \$500.00 credit may be earned per household for this upcoming school year.
- Referrals must be acknowledged during the initial contact with the school. To qualify for the credit, the prospective family must submit the referral form included below with the application for admission. Retroactive referrals will not be accepted for the Referral Program credit.
- All newly referred students must meet standard enrollment criteria and be accepted.
- The referred family must stay enrolled in the school until, at least, the end of the first semester.
- The tuition credit will be credited to the current family's account following the first semester.
- If the current family has paid their tuition in full for the 2017-2018 academic year at the time of referral, the \$500.00 may be credited to their family's tuition for the following year. (**Note: credits will not be awarded as a cash refund.**)
- If a referred family acknowledges two or more families on the referral form, then the \$500.00 credit will be divided accordingly.

*The HRA Referral Program is subject to review and modification as the needs of the school dictate. Interpretation of the program parameters will be based on the discretion of the Principal. The HRA Referral Program will be evaluated annually based on school and student needs by the Principal.*
