Dear Parents and Students:

I write to you today to inform our families about a change in the Kroger Cares program. Kroger has informed us that their original Kroger Cares Card program will be discontinuing the use of the Kroger gift cards. Fortunately, the goal of supporting schools and other non-profit organizations will remain, but there are changes in procedures.

Here is what each family who has purchased a Kroger gift card or is enrolled in Kroger Plus needs to do:

- **Beginning Aug. 11,** enroll your Kroger Plus card at www.kroger.com/communityrewards. If you have family members who are also enrolled in Kroger Plus, they need to register their membership so that you can earn benefits more quickly.
- You no longer need to “load” and “reload” your gift card. By scanning your Kroger Plus card at checkout, rewards will be earned. When other family members scan their Kroger Plus at checkout, those benefits will accrue as well.
- Every quarter, Kroger will send HRA a check for the accrued rewards.
- To apply the rewards you’ve earned for your account, log in and print out a statement of your earnings. Have your family members print out their individual statements as well. Turn in your statements to school once each quarter. We will send out reminders, so no worries!
- If you and your family have Kroger gift cards – those are still valid! Try to use them before August 11, and do not reload.
- For more information, please see the information from Kroger that is attached here.
- Questions or concerns? Email Carolyn Berry at berryc@holysorosary.edu.

Blessings,

Betty Reynolds, Ed.D.
Principal

All your children shall be taught by the LORD, and great shall be the peace of your children. Isaiah 54:13
